# CUSTOMISE YOUR ULTRASUN

Ultrasun offers the possibility to customise your new professional tanning device with a specific lamp configuration you desire.

Choose whether you want facials in your Ultrasun Q-series device or that you prefer the canopy of the bed to have extra long lamps. Or change eight UV lamps with CollaTan lamps in your Ultrasun i8, all is possible.

You can equip your tanning device with only UV Light, only CollaTan Light, or mix it in any combination you want. This to enjoy the lamp's specific benefits even more.

**CONTACT US TO GET YOUR CUSTOMISED MACHINE.**
